PROFESSIONAL SUMMARY

Front-End Developer with hands-on experience building responsive web applications using React.js, JavaScript, HTML5, CSS3, and Tailwind CSS. Strong understanding of UI/UX principles, component-based architecture, and modern web development practices. Leveraging 2 years of experience in testing large-scale applications (Amazon Flex, Uber Eats), bringing a quality-focused mindset, deep user behavior insight, and expertise in bug prevention and UI validation to deliver reliable, high-performance applications.

SKILLS

Technical Skills

React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, React Router, Context API, REST APIs, Axios, Git, GitHub, Responsive Design, Local Storage, JIRA, Debugging

Soft Skills

Problem Solving, Clear Communication, User-Centric Thinking, Attention to Detail

PROJECTS

Task Management Application

Technologies: React.js, JavaScript (ES6+), Context API, React Router, HTML5, CSS3, Local Storage

- Built a responsive Task Management Application using React functional components and hooks
- Implemented CRUD operations (add, edit, delete, complete tasks) with real-time UI updates
- Persisted task data using Local Storage to retain user data across browser refreshes
- Used React Context API for global state management (tasks & dark mode)
- Integrated React Router for smooth navigation between multiple pages

NextBuy – E-Commerce App

Technologies: React.js, Context API, React Router, Axios, Tailwind CSS

- Built a responsive e-commerce application with authentication and protected routes using React Router.
- Integrated REST API using Axios with loading and error handling.
- Developed dynamic cart system with quantity management and automatic total price calculation.
- Managed global auth state using Context API and persisted data via Local Storage.

PROFESSIONAL EXPERIENCE

Investigation Specialist   07/2024 – 03/2025
Amazon Development Centre Pvt. Ltd.   Hyderabad
Project: Amazon Flex App (Delivery App)

- Investigated live issues reported in Amazon Flex App, reproduced bugs, and documented workflows.
- Collaborated with developers and support teams to resolve verified bugs, ensuring minimal disruption.

Test Associate   11/2022 – 04/2024
Indium Software Pvt. Ltd.   Hyderabad
Project: Uber Eats App (Food Delivery App)

- Reproduced and validated reported issues, documenting defects with clear steps, screenshots, and recordings.
- Logged and tracked bugs in **JIRA**, collaborating with developers for quick resolution.
- Identified duplicates and recurring issues using **JQL** and maintained testing documentation.

EDUCATION

Bachelor of Technology (B.Tech) in Agricultural Biotechnology   2017 – 2021
Bharath Institute of Higher Education and Research (Bharath University)   Chennai
